DETAILED ACTION

1. This Office Action is responsive to the Amendment filed on 4/29/08. Accordingly, claims 3-6, 9-12, 15-18, 21-28 are currently pending; and claims 1, 2, 7, 8, 13, 14, 19 and 20 are canceled.

Claim Rejections - 35 USC § 101

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 15-18 and 27 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 15-18 and 27 are direct to a storage medium, which, in light of the specification, page 12, paragraph [0032] of the instant application, can be a data signal embodied in a carrier wave. Claims 15-18 and 27, therefore, fail to fall within a statutory of invention because 1) a signal is not a process because it is not a serial steps, 2) a signal has no physical structure, thus it does not fit within the definition of a machine, 3) a signal is not a matter but a form of energy and therefore is not a composition of matter, and 4) a signal is a form of energy, thus it does not fit the definition of manufacture.

Allowable Subject Matter

3. Claims 3-6, 9-12, 21-26 and 28 are allowed.

Response to Arguments

4. Applicant's arguments filed on 4/29/08 have been fully considered.

As a result, the previous objection to the Abstract has been withdrawn since the Abstract was amended and overcame the objection.

As another result, the previous rejections, under 35 USC 103, to claims 3-6, 9-12, 15-18, 21-28, have been withdrawn because independent claims 3, 9, 15 and 21 were amended and overcame the rejections; claims 3-6, 9-12, 21-26 and 28 are indicated allowable set forth above.

Claims 15-18 and 27, however, are deemed not allowable because of reasons set forth above in this Office Action.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
